

## **Classes begin September and run through May.**

### **Classes (10:00-11:10)**

Children meet downstairs in their classrooms during the Sunday service. Twice per month they attend the first 10 minutes of the service for a special children's sermon, then go downstairs to their classes. On Sundays that Intergenerational services are offered, the children are encouraged to participate in the entire service and classes are not held. Each Sunday there are signs by the entrances indicating if the children should meet downstairs or in the sanctuary.

The success of our Sunday program depends on cooperation between children, parents, and teachers. We encourage you to:

- bring your child regularly and on time, not only for what the program has to offer, but to help us foster a strong sense of community
- introduce yourself to your child's teachers, stay informed on the activities of the class, and pass along information about your child
- volunteer to help in your child's class with special events and projects
- attend Intergenerational Services and church social events
- consider joining one of the teaching teams or the RE Committee.
